

I am very very disappointment that Mircrosoft Co., Sprint, ATT, MCI, Sorenson, Comact (cable, high speed) and what kind of WEB CAM did not proviced (spelling wrong) to any deaf people who have and use on MAC/Apple Co. except only PC. I have MAC and still struck that I can not use WEB CAM to intesnet to my deaf friend.....Please must open to MAC/APPLE and PC as equally as software. Also depend deaf people who can choice PC or APPLE.....Please help me
